

**SKATE NATIONALS AT PDYC – December 2009 to January 2010
Di Milner**

**They came from East, they came from West
To see if Tassie sailing was best
Marg and Ray came to check us out
PDYC will be good no doubt**

**The visitors came to get some lunch
Thank goodness the ladies had a hunch
By preparing extra food to buy
Can't have the sailors missing out on a pie**

**We have had a BBQ or two
Some with many and others with only a few
The sausages were to go in bread
Not in rolls Dianne said
Kent provided oysters for all to enjoy
Those who like oysters thought he was a great boy.**

**The sailors said this wind isn't strong
But the very next day it proved them wrong
The wind in different directions blew
The number of sailors in the water grew and grew
Pete said "We'll have to abandon the race today"
Maybe we could reschedule it for Monday
No chance of that said Christine and Ray
The winery trip is more important we say**

**The organising committee consisted of four
And they ended up having jobs galore
Christine has been extremely busy
Even taking good care of Tigger and Lizzie**

**Health care issues have been had by some
So into the kitchen they would come
Where's Di they said she'll know what to do
Remove some stitches and a splinter or two**

**Maybe one day down the track
The Skate Nationals will come back
That's all that I have to say
We hope you have all enjoyed your stay**
