# COMMODORE'S WELCOME

The South of Perth Yacht Club is pleased to be the venue for the Skate National Championships this year.

This class of water athletes flying machine has long been a colourful part of the Club's centreboards racing fleets.

It must be difficult to find conditions more suitable to racing skates than exist in Perth. The generally strong winds and flat water of the Swan River provide skippers and crews with excellent opportunity to extract the highest performance from their craft.

Visitors will find a warm welcome at the Club and if there is need of help they are sure to find it at the Club office.

The members of the Club will assist wherever possible to ensure that the Skates National Championships is a successful sporting event as well as an opportunity for social interaction.

# PRESIDENT'S WELCOME

It is with particular pleasure that I welcome all competing yachtsmen to the South of Perth Yacht Club for the Skate National Championships.

This title should be particularly memorable for several reasons. The first is that this is our 30th National Championship - a milestone in any association. Secondly we have achieved significant sponsorship through Penfolds Wines under the banner of The West Coast Cooler National Skate Championship. Thirdly, it is of course the America's Cup Year.

A healthy social and racing programme has been organised and all competitors and wives and families are strongly encouraged to participate in the social events to make this the great success it deserves to be.
